

# CNC PROGRAMMER

Treske Precision Machining, Inc., a commercial, aerospace, and defense precision machine shop has an immediate full time position opening for a CNC Programmer. We are a constantly growing company looking for a capable, flexible, and dependable candidate to fill this position.

## Responsibilities include:

- Create and modify programs using Mastercam for CNC Mills.
- Analyzes job orders, drawings, blueprints and other data and perform all necessary calculations.
- Coordinate with Machinists to optimize programs and ensure product meets specifications.

## We are looking for candidates who:

- Have a minimum of 3 years experience.
- Demonstrated ability to write computer programs using Mastercam on 3 & 4 axis CNC Mills.
- Advanced reading comprehension, knowledge of mathematics.
- Employ critical thinking, logic and reasoning to troubleshoot and solve problems.
- Solid time management skills.
- Able to work overtime as required
- Have strong analytical and troubleshooting skills.
- Have the ability and willingness to adapt to ever changing production environment.

## JOB CONDITIONS/PHYSICAL REQUIREMENTS

- Work performed in office and factory settings.
- Exposure to manufacturing environment such as noise and dust.
- Regularly required to sit, stand, bend reach, and move about facilities.

## PERSONAL CHARACTERISTICS

Candidate must be driven to deliver results with the ability to establish rapport, earn trust, and effectively collaborate with others. Essential attributes of the successful candidate include:

### Innovating

- Stays up to date on training and current methodologies
- Seeks ways to maximize production

### Pushing Forward

- Makes value-added decisions based on information presented
- Works to meet departmental goals and fulfill strategies

### Improving

- Challenges the "status quo" and think differently
- Assess own strengths and weaknesses to improve performance and seek training

### Going Further

- Is flexible and adaptable in a complex, changing environment
- Contributes to building a positive cross-functional team environment

### Creating Win-Wins

- Able to build partnerships with internal customers, employees, and internal suppliers
- Seeks and encourages others to meet their goals
